## **AGENA3000 announces the acquisition of SRC System Integrators to strengthen its position in the European Market**

AGENA3000, a leading software provider specializing in data digitalization, is proud to announce the acquisition of SRC System Integrators, a leader in the field of PIM (Product Information Management), PDM (Product Data Management), and EDI (Electronic Data Interchange) based in the Netherlands.

This acquisition marks a major milestone in AGENA3000's international growth strategy and demonstrates its ongoing commitment to providing innovative solutions to its clients in the European and North American markets. The integration of SRC System Integrators into the AGENA3000 group expands its expertise, solution portfolio, and geographical coverage in Europe, enabling it to better meet the evolving needs of its clients.

### **Strengthening expertise and service offering**

With this acquisition, AGENA3000 confirms its ability to support clients in their PIM (Product Information Management), PDM (Product Data Management), EDI (Electronic Data Interchange), and e-invoicing projects in Europe. With the complementary expertise of SRC System Integrators, the group is now perfectly positioned to address the challenges of technical data management (Product Data Management). The new fully customizable A3 PDM solution reinforces the Group's expertise in data management and its position as market leader.

**Sébastien TRICHET, President of AGENA3000 Group:** "We are delighted to welcome SRC System Integrators to the AGENA3000 group. This strategic operation strengthens our value proposition and our leading position in data management to better serve the needs of businesses in Europe. We are also proud to integrate about thirty employees through this acquisition and are determined to continue our growth."

**Duncan Rooders, CEO of Matcorp Holding, owner of SRC System Integrators:** "This acquisition is an important milestone for both parties toward further European expansion, and we are delighted that SRC System Integrators has become part of the AGENA3000 group. SRC System Integrators will continue on its journey of excellent product data validation for its customers from within the AGENA3000 group."

**Acknowledgements:** We would like to thank the legal teams at CVS in Nantes and Van Diepen - Van Der Kroef in Amsterdam for their expert management of the legal aspects of this transaction, as well as the financial advisors from Y VENTURE Paris for their invaluable assistance in the financial structuring and their expertise in the successful completion of this acquisition. And let's not forget the Köster law firm for its expertise with Matcorp Holding.

**About AGENA3000:** In a world where data is everywhere, AGENA3000's mission is to exchange and enhance data. For nearly 45 years, AGENA3000 solutions have been helping companies to succeed in their digital transformation. The solutions are organized around three main categories: PIM, EDI, and E-Invoice. Though distinct, these solutions are complementary and share a common focus: data. Founded in 1980, AGENA3000 has nearly 200 employees, over 5000 clients in Europe and North America, and has experienced strong growth over the past decade. The group currently generates 25% of its revenue internationally and aims to achieve more than €22M in revenue in 2024. Present in France, Canada, Tunisia, The Netherlands.
